

Floral Punch Ring Project Sheet

- From "Just Ripe for Fun," on page 60 of the August/September issue of *Sandra Lee Semi-Homemade* magazine

Materials:

- 15-inch floral foam wreath (found in the floral or crafts departments of your local crafts store. If using fresh flowers, purchase "wet" floral foam and soak according to package directions.)
- fresh or dried flowers

How-to:

1. Cut flower stems to 2-inch length. Gently press into foam, in desired pattern, with flower heads touching to completely cover surface.
2. Place the punch container inside the finished ring.
