Mother's Day Napkin Fold

From "A Toast to the Lady of the Day — Mom"
on page 72 of the May/June issue of *Sandra Lee Semi-Homemade* magazine.

HOW TO

{1} Begin by layering two napkins, leaving an inch at the top of the bottom napkin.
{2} Bring the bottom edge of the napkins to the top, folding over to show four edges.

{3} Make accordion pleats across the napkins, keeping pleats intact as you work.
{4} Tuck the napkin into a water goblet, allowing the edges to fan over the glass.
